

Next Generation in Scalable Commercial Security Solutions

The reliability of hardwired security, paired with the flexibility of a wireless solution - suitable for a wide range of installations.

Intrusion Detectors

- PGx934P PIR Motion Detector with Integrated Camera
- PGx944 Outdoor PIR Motion Detector with Integrated Camera
- PGx924 Curtain PIR Motion Detector
- PGx984P Dual Technology (PIR & MW) Motion Detector
- PGx974P Mirror Optic PIR Motion Detector
- PGx994 Outdoor PIR Motion Detector
- PGx975 Door/Window Contact in white and brown
- PGx945 Door/Window Contact with Auxiliary Input, in white and brown
- PGx904P PIR Motion Detector with/without pet immune
- PGx935 Shock Detector
- PGx922 Glass Break Detector

Safety Sensors

- PGx926 Smoke Detector
- PGx916 Smoke and Heat Detector
- PGx913 CO Detector (US only)
- PGx905 Temperature Detector
- PGx985 Flood Detector

Arming Devices & Panic Buttons

- PGx938 Panic Key
- PGx949 2-Button Key
- PGx939 4-Button Key
- PGx929 4-Button Key
- MPT Mini Prox Tag

Keypads

- HS2LCDWFx / HS2LCDWFPx / HS2LCDWFPVx Full Message LCD 2-Way Wire-Free Keypad with optional Prox Support Voice Prompting
- HS2LCD / HS2LCDP Full Message LCD Keypad with optional Prox Tag Support
- HS2ICN / HS2ICNP ICON Hardwired Keypad with optional Prox Tag Support
- HS2LCDRFx / HS2LCDRFPx Full Message LCD Keypad with Built-in Transceiver with optional Prox Support
- HS2ICNRFx / HS2ICNRFPx ICON Hardwired Keypad with Built-in Transceiver with optional Prox Support
- HS2TCHP Hardwired Touchscreen Keypad 7 inch with Prox Support in black and whites

Sirens, Repeaters & Transceivers

- PGx901 Indoor Siren
- PGx911 Outdoor Siren
- PGx920 Repeater
- HSM2HOSTx Host Transceiver Module

Communicators & Transmitters

- 3G8080/ 3G8080(I) HSPA Cellular Alarm Communicator compatible with
- CD8080/ CD8080(I) CDMA Cellular Alarm Communicator compatible with
- 3G2080/ 3G2080(R) HSPA Cellular Alarm Communicator
- TL2803G/ TL2803G(R) Internet and HSPA Dual-path Alarm Communicator
- TL280/ TL280(R) Internet Alarm Communicator
- PCL-422 Communicator Remote Mounting Module

Modules

- HSM2300 Power Supply Module
- HSM2204 High Current Output Module
- HSM2208 Low Current Output Module
- HSM2955 Two-Way Audio Module
- HSM2108 8-Hardwired Zone Expander Module

Software Support

- WebSA System Administrator Software
- Routine System Management Software (RSM)
- DLS 5 Downloading Software

Control Panels

- HS2016/ HS2032/ HS2064/ HS2128 From 6 to 128 zone control panel

PN 30002335

PowerSeries

A Hybrid Security Platform Enhanced with PowerG Technology

DSC
From Tyco Security Products

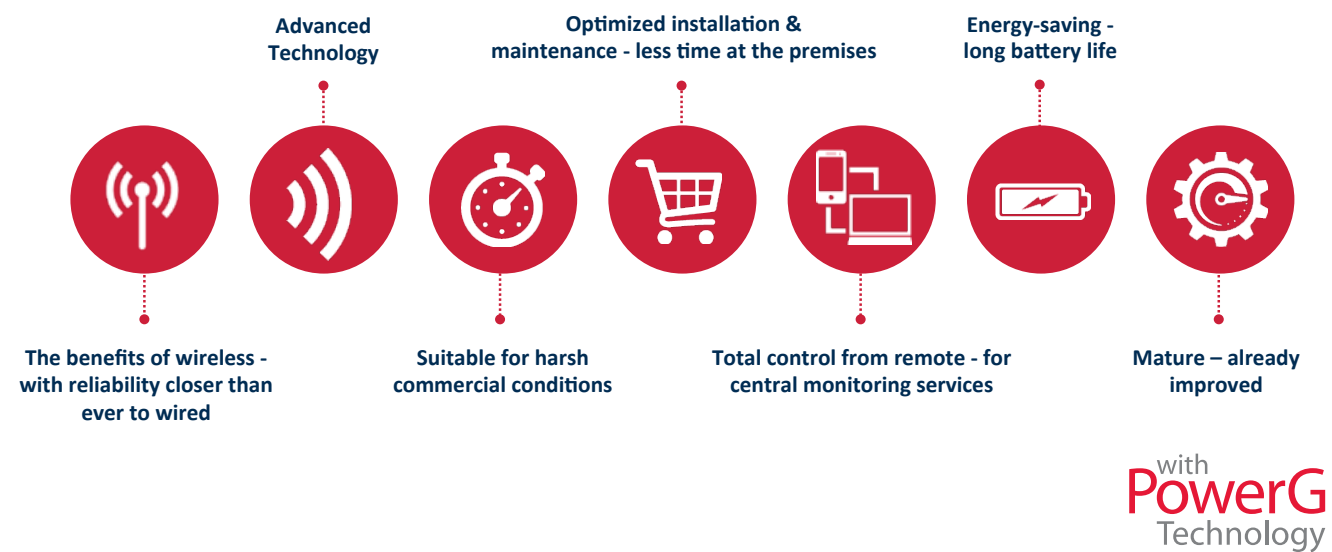

The Strength of PowerG

From 2010 when PowerG was introduced, it revolutionized the wireless industry. Today as a result of extensive research and development, it is clear that PowerG's ability to provide robust communication - even in areas that were previously only suitable for hardwired applications - makes it ideal for a wide range of applications. The power of the technology lends itself to a multitude of installs, including residential through to small enterprises and big-box operations.

Technology Highlights:

- Full two-way communication to ensure there are no lost alarm messages
- Multi-channel, Frequency Hopping Spread Spectrum (FHSS) technology that overcomes frequency blocking and interference
- Devices dynamically optimize their route to the control panel to avoid RF interference
- TDMA synchronized communication technology eliminates message collisions
- AES-128 encryption protects against powerful analysis tools and digital attacks

The most dynamic and powerful wireless protocol available today

Advanced Security Technologies To Protect What You Value Most

PowerSeries Neo offers the most reliable security technologies to provide peace of mind for you and your family

PowerSeries Neo capitalizes on PowerG, the industry's leading-edge wireless intrusion technology, to offer a series of robust features geared towards decreasing operational costs while providing ultimate reliability in a security system. Unnecessary site checks and incremental high costs that can be incurred by false alarms are substantially reduced. With the simplicity of PowerG devices, solutions can be easily customized to suit even the most specific needs.

Compatible with leading-edge interactive solutions supported by DSC for a variety of smart control monitoring features, PowerSeries Neo ensures growth in the future through a complete line of expansion modules as well as through additional RMR services such as alarm verification.

Home Security Redefined

Advanced protection that expands with your needs

PowerSeries Neo is a powerful yet user-friendly and low maintenance hybrid security system which integrates wired and wireless devices to expand the system based on your needs. Conveniently arm/disarm

and remotely interact with the system with an easy-to-use mobile app. Powerful outdoor detectors deter intruders and provide ideal perimeter protection.
